

### **A special message for villagers regarding Coronavirus (Covid-19) and available assistance**

We know that a significant number of Cookham Dean residents will be impacted by the government request to stay at home and remain in isolation for their own safety. This could mean that you will have difficulty getting supplies of essential items including food, domestic products and medicines.

Many of you may be able to use supermarket on-line deliveries but we know that these services are under increasing pressure and require use of the internet which is not familiar territory to all. To help you, we have compiled the following list of local businesses that have agreed to deliver to you if you are housebound. Please feel free to call them directly but please also respect the fact that they are helping out and try to be concise and efficient in your dealings with them. Please also ensure that you can receive deliveries without close contact with any staff. Please note that delivery charges may apply – check when ordering. These delivery offers are specific to Cookham Dean.

**If you are self-isolating and have no supporting family or neighbours to help you, or need reassurance, please call 01628 819224 between 9am and 4:30pm on Monday to Friday or 07458 095009 in an emergency at other times. This will connect you to Cookham SOS, a group comprising Cookham Edit, Cookham.com, Elizabeth House and Cookham Pharmacy alongside a strong team of over 100 volunteers who are ready to offer support with shopping, urgent supplies & prescriptions, posting mail or a friendly phone call. Operating from next Monday (23<sup>rd</sup>) they will put you in touch with a designated volunteer for your area in the village.**

**This is a special plea to all residents to keep an eye on your neighbours. If you are aware of any who are likely to be self-isolating, please do your best to offer assistance if you can. Guidelines on how to help and conduct visits are provided in the volunteer pack which can be collected from Elizabeth House. There is also useful information on [www.cookham.com](http://www.cookham.com), @CookhamSOS, [www.facebook.com/group/cookhamsos](https://www.facebook.com/group/cookhamsos).**

As an idea, why not have virtual meals with friends – all get delivered meals and set up a Skype or WhatsApp group call to keep in touch? If you don't use these already, ask a friend to set it up for you.
